

Your smile needs
a foundation.
We build it.

A guide for your first visit — Brooklyn Periodontics & Implant Dentistry

Call or text (718) 643-1953

26 Court Street, Suite 1507, Brooklyn, NY 11242

Four steps, no surprises.

Most patients come to us on their dentist's recommendation, unsure what to expect. Here is exactly how a first visit goes.

O1 You tell us what's going on

Two minutes on the appointment form — your concern, your insurance, when you're free. No phone tag required.

O2 We diagnose it properly

A full periodontal exam with in-office 3D imaging, so the diagnosis is measured rather than guessed. Most consultations run about an hour.

O3 You see the plan and the cost

We review the images with you, explain the least invasive option that will actually last, and give you the fee and insurance breakdown in writing.

O4 You decide — and we stay with you

Nothing is booked until you say yes. After treatment you have both doctors' direct cell numbers and written recovery instructions.

Bring with you

- Photo ID and your insurance card
- Your referring dentist's name
- A list of medications you take
- Any recent x-rays, if you have them

WHAT WE TREAT

Specialists in gums, bone, and implants.

Periodontics is a dental specialty. We handle the foundation — gums, bone, and implant placement — then send you back to your dentist for the rest.

Stop the disease

- Periodontitis treatment
- Scaling and root planing
- Periodontal maintenance

Rebuild what was lost

- Dental implants
- All-on-X and Teeth in a Day
- Soft and hard tissue grafting, including sinus lift

Refine the smile

- Gum lift (crown lengthening)
- LipStaT for a gummy smile
- Pinhole surgical technique and frenectomy
